## Summary

I design User Interfaces and User Experiences (UI & UX Designer) for mobile, apps, software and websites.

## Experience

### UI/UX Designer

Pentalog

Jun 2019 - Present (1 year 8 months +)

UX Designer within the Technical Direction department of the Pentalog Group.

- Conducting workshops on User Experience.
- Presenting and delivering User Experience solutions in the projects where UX is needed.

### UI/UX Designer

CRF Health

Mar 2018 - May 2019 (1 year 3 months)

- Applying Human Centric Design principles and techniques in the process of prototyping demos for strategic applications on web and mobile devices.
- Building seamless user interactions with digital products based on a solid understanding of human cognitive constraints in HCI (Human Computer Interaction).
- Conducting workshops on User Experience both remote and in-person.
- Presenting design solutions to internal stakeholders

### UI/UX Designer

Nomadic Capital Limited

Aug 2016 - Feb 2018 (1 year 7 months)

My responsibilities include:

- Streamlining the company's design process by making use of best design practices.
- Mentoring team members with an emphasis on professional development.
- Developing design standards and guidelines for developers and team members to follow.
- Working on the Agile methodology with the team on projects.
- Lead the overall user experience and user interface design and development process by collaborating with designers and developers.

### UI/UX Designer

Bloom Communication Romania

Jun 2016 - Feb 2018 (1 year 9 months)

- Designed overall user experience for web apps and websites, including workflow wireframes both low and high fidelity, user interface design, images/icons and layout.
- Managed simultaneous projects concurrently in different stages of development involving multiple companies.

- Developed project documentation best practices and design standards.
- Led the execution of user acceptance testing efforts for all projects including web and mobile devices.
- Designed marketing and advertising collateral material.
- Designed and maintained corporate and client web sites.
